High School Mission Trip

The youth mission committee has selected our youth to attend the Sierra Service Project once again, but this time at the urban site in Los Angeles. Dates are Sunday, July 17 to Saturday, July 23. The week long mission trip will be a little different than year's previous by going on a bus tour of the Los Angeles area, having an opportunity to feed the homeless, having the tradition "water day" at an LA beach, and working on homes surrounding a United Methodist Church in LA. Students entering 9th grade in the fall to graduated seniors in the spring may attend. Spots are filling up for this trip, so please be sure to get your name on the registration sheet in Room 2. All youth who participate in SSP must help with fundraising and pay some out-of-pocket expenses. Scholarships are available. Please see Amy.
